# Introduction

TheCure is a BEP-20 token that was launched on the Binance Smart Chain (BSC) in June 2022. BSC is well known for its cheap gas fees, fast transactions and various features.

It is a community-driven project born with a focus on charitable donations and creating opportunities for our community. It is a token with a cause. We aim to make the world a better place while simultaneously rewarding our holders with incentives such as reflections, burn events and maximizing the value of TheCure as well as the returns to our holders, with the help of our tokenomics. The amount of tokens in your wallet will grow with every transaction, simply by holding \$THEC.

TheCure also has visions, ideas and plans for integration into the P2E Gaming, NFT and Metaverse sectors of the digital ecosystem. These sectors are the future, and they will be TheCure's future as well. Longevity is one of our many objectives, we are in it for the long haul.

Let's cure the world, one token at a time, and get rewarded with 2% reflections on each transaction *while* making the world a better place!

---

## Disclaimer

All content provided in this white paper is solely for information purposes. This is not a legal document, nor a contract. This should not be taken as financial advice and each individual should always do their own research. We operate on but are not responsible for any actions taken by the Binance Smart Chain (BSC), as they are out of our control. Though we are in it for the long haul, TheCure does not and can not predict any major profits or losses, the community will play a large role in the direction of this project, alongside the project management team. Any investment made should be a total personal decision, and all individuals should accept the risk of total loss. Longevity of this project is the goal, but it isn't promised. All of the information found on this whitepaper isn't guaranteed, and nothing is promised. The outcome of the project is unknown and all risks taken by investors should be accepted by the individual, including: total loss, unforeseen changes of roadmap, plans and goals, price fluctuations. All information in this whitepaper is subject to change as the project grows.

# Tokenomics

TheCure (\$THEC) is an auto-burn deflationary token in two ways; there is a **1% auto-burn** fee on each transaction made, as well as reflections going to every wallet **including the burn wallet**, increasing the total amount of tokens being burned on each transaction. Manual burn events will also take place.

A percentage of each transaction is also automatically added to the liquidity pool.

Furthermore, TheCure **distributes 2% of each transaction** to our holders with reflections, giving incentive for holders to hold our token long term, while being rewarded for doing so. TheCure is here to stay long term and will one day be a part of the P2E Gaming, NFT and Metaverse sectors.

---

<b>Name</b> TheCure	<b>Symbol</b> THEC	<b>Supply</b> 1 Quadrillion
<b>Auto-Burn</b> 1% + BW Reflections	<b>Reflections</b> 2% / transaction	<b>Network</b> BEP-20
	<b>LP (Locked)</b> 1% / transaction	

Marketing, charity and development fees are also present to ensure the future and longevity of the project. Sell fees will be 1% higher during the early stages of the project to reduce pump and dump schemes and encourage holding. These will be used for influencer marketing, billboards, TheCure merch as well as NFT and P2E development. Charity funds will go directly to helping make the world a better place and donating to charities in various sectors such as research, medicine, other small businesses or project with a good cause, and animal rescue.

We plan on increasing the reflection rate as the project grows, to further reward our holders.

# Roadmap

**1**

## Q3 2022 TheCure Birth

- Birth of \$THEC
- Website Launch
- Social Media Accounts
- Whitepaper
- Telegram & Twitter
- Coin tracker listings - (CG CMC)
- Website Launch
- Holder Reflections
- Stage one of Marketing

**2**

## Q4 2022 - Q1 2023 TheCure Growth

- Charity Donations commence
- Youtube Channel
- Partnerships
- Influencer Marketing
- Global Marketing
- Certik Audit
- CEX Listings
- Burn Events
- TheCure DEX
- Giveaways

**3**

## TBA 2023 TheCureVerse

- Billboards
- TheCure Payments
- TheCure P2E game showcase
- TheCure NFTs
- TheCure Merch
- TheCure Metaverse / TheCureVerse ideas for integration

The early stages of TheCure will mostly revolve around building and strengthening our community. In this initial stage we will work on setting up everything we need to grow TheCure into a thriving ecosystem, such as stage one of marketing, Coin tracker listings, our website, Social Media and so on.

In our second stage, this is when we will truly start to grow and branch out to all aspects needed in a successful project and become a thriving ecosystem.. Our charitable donations will begin. We will begin to build partnerships and find partners, get audited, start aggressive global marketing with influencer marketing, for instance. We will work on getting CEX listed, begin giveaways and create our YouTube channel to prepare for our next phase; TheCureVerse.

TheCureVerse: This is when we will reveal and showcase our P2E game idea, and start working on NFTs as well as construct ideas for our Metaverse Integration. Stage three of marketing will begin and we will begin Billboard marketing and further our current marketing tactics. We will also work on TheCure Merchandise and payments.

We will actively be looking for ways to innovate and improve TheCure. Listening to ideas and suggestions from TheCure holders and our community is one of the many ways we will continue to grow.

This roadmap is subject to change as our ideas and visions grow, for the better.

# Ecosystem and Values

## Rewards

- 2% Reflections
- Auto Burn
- Burn Events

## Transparency

We value complete honesty and transparency within our community, and will always keep you up to date.

## Charity

Dedicated charity wallet to help those in need, animal rescue, as well as fund research and other projects.

## Community Driven

Our goal is to build a strong community and transform TheCure into a thriving ecosystem inside the digital world.

## Longevity

We are here for the long haul, and have plans and ideas for integration into the sectors of the future; P2E Gaming, NFTs and the Metaverse

## Rug-Proof

- LP locked
- Audit in progress
- Owner to be renounced

# Make a donation

If you'd like to help TheCure grow and contribute to our Charity partners or help fund marketing or development, send ETH or BNB to the following address. This is NOT the token contract.
